

**Kick off summer reading with a**  
**CAMP CANDLEWICK FUN RUN—**  
**an event to get everyone moving before settling down to read!**

---

Have students decorate their race bibs and write down their summer reading goals.

The Camp Candlewick Fun Run doesn't have a lot of rules—have it where you want it, when you want it!

Here are some ideas:

- Would a run around the gym five times with the finish line at the library be chaos or compelling?
- If you have a track to run around, could you switch it up by having the kids reverse and run/walk in the opposite direction each lap?
- Can you work in a dance break?
- Could you make an obstacle course? Have students clear obstacles like going through hoops and over rope webs or even contend with a mud pit by crawling through, leaping over, or tiptoeing around.

The execution is up to you—just make sure it is fun for all!

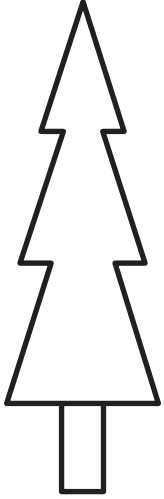

If you tweet about your fun run, we'd love for you to include #CampCandlewickFunRun and tag @CandlewickClass.
